Subject: Wastewater System and Potable Water Supply Permit # WW-2-7902-1 for a project located in Dover, Vermont

Dear Permittee:

Here is a copy of your WW-2-7902-1 permit marked "Documents For Recording" and a copy of the VT Innovative/Alternative Technology Approval for your records.

You must record the permit issued for your project in the Dover land records within 30 days of the issue date. The town office charges a fee for recording.

To get copies of your approved plans, you can either contact your consultant or visit https://dec.vermont.gov/water/ww-systems and use the document search. You may print or save any documents or plans you find.

Please read your permit carefully to see what might be required. Your permit may need an installation certification, inspections, or other reports. To locate an approved service provider to conduct any required Innovative/Alternative inspections, please follow this link https://dec.vermont.gov/water/programs/ww-systems/innovative-alternative/approved-systems.

Thank you for your cooperation. Please contact me if you have any questions.

For the Drinking Water and Groundwater Protection Division,

Hannah Pelkey
Environmental Technician III
