By signing this Zoning Permit Application, I agree to fully cooperate in adjusting for errors to enable the Town of Dover to process, record and/or file this application.
Dover Bylaw Section 362*: In order to prevent construction in locations which have not been approved, and to eliminate costly relocation expenses, an inspection by the Zoning Administrator is required before the footings are poured or sono-tubes/posts are placed in the ground. This application allows the Zoning Admin or designee permission to enter the property to perform the needed inspection.*

Zoning Application and Development Review Board Instructions

For DRB Use Onlv

Please Note: If your application is incomplete it will not be heard

Furnish 6 copies of items 1-5.

Requirements:

- ☐ 1. This application filled out (including square footage calculation), signed and dated by the owner of the property and the applicant, if other than the owner.
- ☐ 2. A site plan at a scale of 1" =50" including:
    a. Location and dimension of all proposed structures and additions.
    b. The distance from all property lines with measurements to all proposed structures and additions.
    c. Locations and dimensions of all existing structures, driveways, parking roads, (measure from centerline), right-of-ways, wells, streams, ponds and septic systems. Note the distances for all of these to the proposed structures and additions.
- ☐ 3. If your lot will not fit at 1"=50", include a second site plan showing your entire lot.
- ☐ 4. Floor plans and four elevations with all uses and dimensions including height above grade. Clearly state what exists vs. what is proposed.
- ☐ 5. If the application is for a subdivision:
    a. A copy of the deed as recorded in the Dover Land Records
    b. If the parcel is divided into two parcels, a survey of the smaller of the two.
    c. If the parcel is divided into three or more parcels, a survey of each.
    d. Any survey or preliminary survey must be conducted by a state registered surveyor.
- ☐ 6. If the parcel upon which the project is being built is in the Special Flood Hazard Area, an Elevation Certificate may be required. Flood Hazard maps are at FloodReady Maps or can be found on the State Data ->Flood Map Layer on the Dover Mapping site.
- ☐ 7. Applicant has given 15 days prior to hearing, written notification to all owners of properties adjoining the property subject to the development, without regard to any public right-of-way most nearly adjacent to the subject property. The notification shall include a description of the project, where to obtain additional information (Dover Zoning Office) and that participation in the hearing is a prerequisite to the right to appeal.
- ☐ 8. Applicant has posted, 15 days prior to the hearing date, notice of the Hearing within view from the public right -of-way most nearly adjacent to the subject property.

The Development Review Board may require additional information.

NOTE: The State Permit Specialist must be consulted about any State requirements.

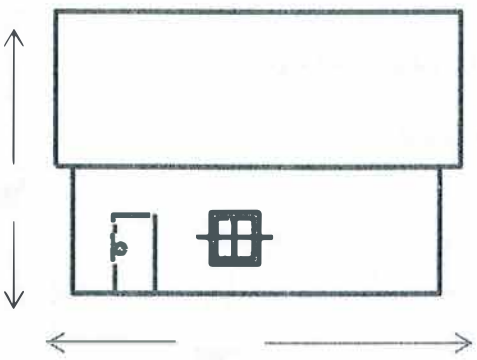

Use Permit Navigator https://permitnavigator.my.vermont.gov/s/ to help find State Permit requirements and/or contact the regional Permit Specialist at ANR.DECAssistance@vermont.gov or 802-828-0141. Dover is in Region 2.
